Evaluation? we are here for you: support@fitness22.com Running Distance Tracker Pro App Screenshots Running Distance Tracker Pro App Reviews It has helped my running distance and speed to quickly improve Really a great moderate hogging app so far to monitor distance and time. I just started using this app. It doesn't interfere with music apps like iHeartRadio or Sirius – just like this app! Good app. I've been using it for a couple of years. I like tracking features. This app depends too much on gps, does not know how to measure the distance between the gaps of the lost GPS signal. Need to improve on this Thx Significantly more accurate than apple fitness run app. On winding paths it's something like 15-20 seconds per mile difference. There aren't many good things to go out of 2020 apart from me learning to jog. Up to 13 miles and this app really helped me push myself. Great app 5*** Great app I've been using for more than a year but I was disappointed when I got an iWatch and it looks like there isn't a version of iWatch. I'll probably end up searching for a similar app with iWatch features or using the native Apple fitness app even though it doesn't have the interval training I like. This app gives me everything I need for good execution and their record. Their.
